

SL-NT24CV20W-DB1

Power supply 20 watt white

PRODUCT FEATURES

- „Power supply 20 Watt incl. 2 m connection cable
- „Short circuit protection
- „Over load protection
- „ 6 compartment distribution box for connection of 24V DC SIRO Receiver and 24V DC MONO Led products without control

TECHNICAL DATA

- » Light type: LED
- » Input voltage: 220 - 240 VAC
- » Output voltage: 24V DC
- » Output current: 0,83 A
- » Power: 20 Watt
(10% reserve recommended)
- » Efficiency:
- » Standby P:
- » No-load power P_{no}:
- » Networked standby power P_{net}:
- » Protection class: IP20
- » Power frequency input: 50Hz bis 60Hz
- » Housing color: weiß
- » Ambient temperature: -20° - +45° C
- » Safety: Short circuit protection, overload protection

DIMENSIONS & WEIGHT

- » Length: 140 mm
- » Width: 48 mm
- » Height: 14,5 mm
- » Weight in G:
