

STARTZILLA 9012 XT 12V

Overview

STARTZILLA 9012 XT 12V

cod. 829526

Multifunction electronic starter, power supply and tester, with LiFePO4 lithium battery for 12V starting of cars, vans, small boats, lorries etc.

It performs control tests on the battery: voltage at terminals, starting capacity (CCA) and operational check of the vehicle alternator. The OVER RIDE function allows starting in emergency conditions when battery is missing (or completely down).

It is a stable and reliable power supply source for battery changes (SUPPLY function).

Robust and compact, it is equipped with high intensity LED light.

Protection against: polarity reversal, short-circuit, overvoltage (incompatible battery voltage), undervoltage (cut-off voltage), overcurrent, overheating, under-temperature, accidental contacts, alternator return currents.

Complete with starting cables and wall charge.

CE MARKING

EAC CERTIFICATION

Technical data

CODE	CODE 829526	START	STARTING VOLTAGE 12 V	DIMENSIONS	DIMENSIONS 15,5 x 23,4 x 31,8 cm
VPH	MAINS VOLTAGE 100 - 240 V	START MAX	MAX STARTING CURRENT 9000 A	WEIGHT	WEIGHT 3,96 kg
BATTERY	31200 mAh	IP	PROTECTION DEGREE IP43	BAR CODE	EAN CODE 8056151818010

Included Accessories

MULTI PLUG POWER SUPPLY - 169999
