

Elevate your sleep experience with the **Nordic Beds Series** designed by Bellus. The Nordic Beds Series features an array of luxurious beds that cater to your unique comfort needs.

Choose from three different top mattresses, each crafted to provide unparalleled support and relaxation. Discover the perfect blend of innovation and elegance with the Nordic Beds Series, where every night's sleep is a dream come true.

The mattress is divided into alternating soft and firm zones, prioritizing comfort. The 5-Zone Pocket Spring system supports your body in all the right places during sleep.

5-Zone Pocket spring system

Bellus embodies a commitment to sustainability by minimizing waste throughout our production process. Any surplus wood is repurposed for future use, leftover fiber is recycled, and all packing materials come from recycled sources, contributing to a circular economy.

At Bellus, we prioritize eco-conscious practices to provide not only the experience of comfort but also a responsible and sustainable choice for our customers.

The **CONTINENTAL C10** bed is a perfect blend of classic continental style and modern comfort. Crafted with carefully selected sustainable materials, the C10 offers durability and elegance. Customize the legs and top mattress to match your style and sleep needs every night.

LEG OPTIONS

Select from three distinct top mattresses, each designed to deliver exceptional support and comfort, ensuring you discover the ideal match for your sleep preferences. All Nordic Bed Series top mattresses are produced with our commitment to sustainability in mind.

SUPER MEGA

SUPER MEGA ensures exceptional sleeping comfort and provides extra support for the body due to its height of 9 cm.

DREAM

DREAM top mattresses are suitable for every body type and ensure a good night's sleep every night.

HEAVEN

The cold foam used in **HEAVEN** top mattresses evens out uneven surfaces, ensuring your body is properly supported. This feature makes this top mattress super soft.
