CAPTIV ADJUST

The CAPTIV ADJUST positioning bar promotes loading of the carabiner on the major axis and helps hold the ADJUST rope adjuster in the proper position to reduce the risk of accidental release. It helps keep the lanyard and rope adjuster integrated with the carabiner, reducing the risk of losing them. CAPTIV ADJUST is compatible with OK, Am'D, Bm'D and OXAN carabiners.

The CAPTIV ADJUST positioning bar promotes loading of the carabiner on the major axis and helps hold the ADJUST rope adjuster in the proper position to reduce the risk of accidental release.

Short Description Carabiner positioning bar combined with an ADJUST rope adjuster
