TARP

TARP is a large rope tarp. It provides a 140 x 140 cm clean area to protect ropes from dust and dirt. It features four handles to make transport easier and color-coding for quick rope end identification. Its coated canvas construction makes it highly durable.

Provides a 140 x 140 cm clean area for ropes.

Short Description Large rope tarp

Selling Points

- Very large rope tarp:
 - provides a 140 x 140 cm clean area for ropes
 - protects rope from dust and dirt
 - also great for long ropes
 - quick stowing, without the need to coil the rope
- Easy to use:
 - four handles for easier transport
 - color-coded for easy rope end identification
 - orange borders provide quick visual identification
- Durable and versatile:
 - abrasion-resistant coated canvas
 - can be placed higher up to provide protection from the sun or rain
