# Instructions

- 1 Begin with properly fired shelf cone 04 bisque. Moisten a clean sponge and wipe bisque to remove any dust.
- 2 Brush three coats of SW-126 Polished Pebbles to the centers of the plates, overlapping onto the rim slightly. Then brush three coats of SW-126 Polished pebbles to the backs of the plates, except the foot of the pieces.
- 3 Brush 2/3rds of the outside of the tumbler, brushing from the bottom, with three coats of SW-126 Polished Pebbles. Thin the glaze slightly, pour to the inside of the tumbler pour out the excess.
- 4 For the bowl, brush the polished pebbles inside and outside, leaving the inside and outside rim unglazed.
- 5 Brush all the rims, and the top third of the tumbler overlapping the glaze onto the Polished Pebbles, three coats, using CB-604 Soft Fan. The Bowl has the inside and outside rim brushed with the Frost Blue.
- 6 Brush ONE coat of EL-122 Malachite over the SW-105 Frost Blue about an inch to an inch and a half. The Malachite is going to make the colors move and will give it an interesting effect. Use Soft Fan.
- 7 Fire cone 6 (1250°C).
