

Welcome Plank Sign

Products Used

Bisque

- Wood Plank Wall Plaque*

Color

- MM-106 Steel Metallic
- MM-202 Green Patina
- DA67 Lamp black

Decorating Accessories

- Synthetic Brush

Miscellaneous Accessories

- *Wood Plank Wall Plaque from Craft Store

Designer: Marcia Roullard

Instructions

- 1 Apply one coat of DA67 Lamp Black with Synthetic Brush to the wood plaque.
- 2 Shake MM-106 Steel Metallic to mix well. Apply one heavy coat with a soft paintbrush.
- 3 When the first coat of Steel Metallic is almost at coats almost dry,

apply a second coat.

4 As soon as the second coat is dry, spray or brush on MM-202 Green Patina or MM-305 Rapid Rust. The plaque should start rusting within 10 minutes. If it doesn't, spray on more MM-202 Green Patina. Let dry.

5 Use the Script Liner to write the word "Welcome" with DA Lamp Black, or use a stencil and a stencilbrush.

If desired, brush on a Matte Sealer AC-502 Matte Sealer. The sealer will stop the oxidation process.
