Absenicon X Series

The Future Meets Excellence

Redefine Display Standards

Large Format

108" 136" 163" sizes

Immersive view

Improved Clarity

Micro LED technology

Redefine image quality

Easy-to-use

Intelligent functions and systems

Easy to install and maintenance

Comfortable

Stay cool, enjoy more

Softer and uniform light

Rediscover the World Through *Absenicon* X

Born for revolutionary visual experience, features the Micro LED technology, Absenicon X series is an innovative all-in-one direct view LED screen

| 108"/136"/163"	600nits	160°	Micro LED Technology
big screen sizes	clear imagery under sunlight	ultra-wide viewing angle	approved next-generation technology

Unrivaled Visual Experience

Integrating multiple Absen image optimization technologies, the Absenicon X Series enhances the clarity and visibility to bring out natural details and vivid colors for realistic and incredible images

Full-screen calibration
perfect image consistency

90% BT2020
cinematic color gamut

ΔE≤0.9
color precision

15000:1
high contrast ratio

The Purest Deep Black

The surface is covered with a black coating of polymer material, which brings amazing black consistency, bringing a deep and pure black, which improves the visual performance to an unprecedented level
intense black immersion

high flatness

exceptional black consistency

no glare and reflection

Avoid reflection and modularization

Black coating technology

Micro LED technology

Creating a Comfortable Experience

Eye-caring

The non-glare surface light source brings softer and uniform light, relieving the eye fatigue experience when watching the screen for a long time

Stay cool, enjoy more

Thanks to the Micro LED technology and Absen's HBB common cathode technology, the screen can always stay cool, diving into the fantastic visual world without breaking a sweat

Mute operation

Operating noise is reduced to 25dB to ensure a comfortable experience

All-in-one Design with Delicate Details

The Absenicon X Series comes as a complete kit ready to install, including controller, audio, PSU and all necessary display elements needed for the installation. There's no need for complex wiring and debugging, it's easy to install and use. The design of lift type control box satisfies the 97% above high screen ratio and the convenience of installation and maintenance

Signal antenna preposition

Lift type control box

2*15w Built-in Speakers

Step Into the Future Where Accuracy Meets Interactivity

Equipped with a high-precision infrared touch system, the Absenicon X Series revolutionizes interactivity and elevating user engagement. With 1mm touch accuracy and support for 20-point multi-touch and smart gestures, it delivers seamless and intuitive interactions

±1mm	20point	Smart gestures	Scan to share
Touch accuracy	Multi-touch		

Single touch

Two point scaling

Multipoint movement

Hand erase

Set background

Select handwriting color and thickness

* The touchscreen functionality cannot be enabled when an external device is connected via HDMI.

Remote Control for Easy Operation

Remote control for on/off switches, brightness adjustment, content switching, settings, etc. An infrared & Bluetooth remote control that covers a transmission distance of 10m
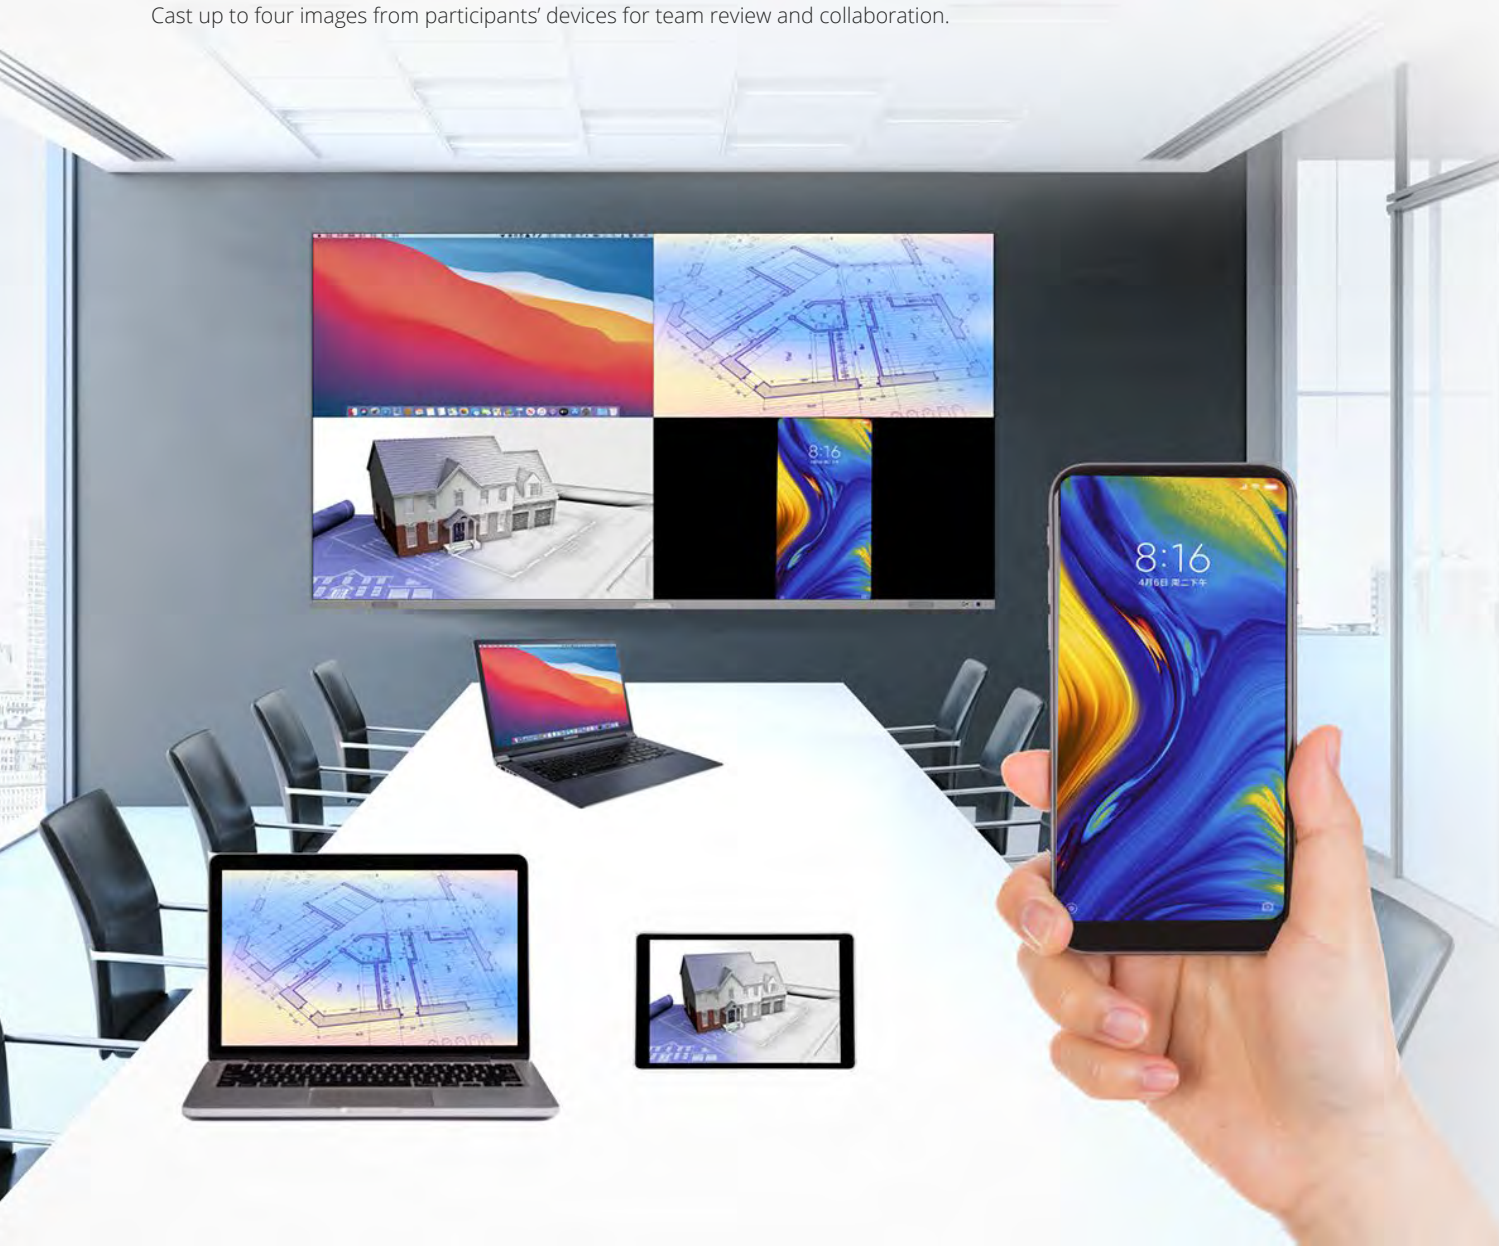

Compatible with AV Control Systems

Ethernet control protocols are provided for control systems such as Crestron and Extron making for easy integration which saves the system integrator both time and money with onsite programming.

Intelligent Wireless Screen-mirroring

Wireless screen mirroring from phones, computers and other devices
Cast up to four images from participants' devices for team review and collaboration.

Intelligent System with Upgraded Performance

The Absenicon X Series comes with a standard Android 11.0 operating system. A Windows operating system is available through an additional OPS computer. An Ultra-large memory and a powerful 4-core processor are included for a smooth and fast performance for wireless screen mirroring from phones, computers, and other devices
Android 11.0   Windows 10(optional)   Dual-band WiFi

Remote Video Conferencing

Compatible with popular video conferencing apps, experience smooth and efficient video conferencing

Durability in Demanding Spaces

The panel-type encapsulation technology effectively protects the display from external impact. The ultra-long service life of 100,000 hours providing a lower cost of ownership and reduced carbon foot print.

Anti-touch marks   Water-resistant   Dust-resistant   Anti-collision   Anti-blue light   Anti-static   Anti-oxidation

Delicate Design, Less Consumption

40% energy saving is achieved by a combination of technological innovations, and adopted recyclable carton packaging design, practicing the "Absen Green" concept

Dynamic Energy Management

dynamically adjust the output current

Professional service, best experience

Absen has established a worldwide network, enabling the delivery of timely and expert local services.

Absen Service Ability

Comprehensive Support
Experience a 2-year warranty, an optional extended 1 - 3-year warranty, lifetime maintenance, and access to 10+ professional service solutions designed to help you solve any challenges.

Global Coverage
Benefit from a network of 500+ Absen Certified Partners and 3,000+ Engineers, with a global reach covering most markets. Our service network is continuously expanding.

Multiple Service Channels
Providing service via multiple channels such as Hot line, WeChat, WhatsApp, E-mail and official website to quickly take care of service requirements

24 / 7 Response
We are available 24/7/365 with a quick response time in as little as 10 seconds.

One-stop Service
Experience exclusive and expert support throughout the entire sales process, from pre-sales to post-sales.

Absen Service Philosophy

Initiative
Proactive care and return visits, regular touring inspection services for customers

Efficiency
All service channels respond within 10 seconds, intelligently match the best local service resources, and enjoy a fast service experience

Standardization
Comprehensive service engineer training system, ACE professional training and certification, ACP professional certification; establishing customer's product files and record the entire service process

Thoughtfulness
Extended warranty for peace of mind and uncompromising quality assurance
