Product Datasheet

USB C Docking Station

Stoltzen HERA HuddleHub Mini 100W Kit + 2m

Charging PD 100W, 4x USB, 1x HDMI

Product number: HuddleHubMini-BYOD-2

Product Description

The HuddleHub Mini is a small but useful USB-C device that can act as a focal point in the smallest conference and meeting rooms.
This box enables the sharing of a screen image with up to 4K 30hz resolution, at the same time that several USB devices such as speakers, camera, speakerphone etc. are connected together under the table, and hides all connections from the user.
With a USB-C cable of up to 2 meters, you can reach the entire table with the connection cable, and easily and problem-free share images and content with internal and external meeting participants.
