Logitech(952-000010)
Logitech Swytch connector

With a single USB connection,Logitech Swytch links a laptop to the room's display,camera,and audio devices. Now,people can use meeting rooms with any video conferencing software,webinar platform,or streaming service.

Logitech Swytch is a BYOM (bring your own meeting) laptop link for video conferencing in meeting rooms,linking a Windows 10 laptop,MacBook,or Chromebook to the room's AV equipment with a single USB Type A or C connection. Swytch works in rooms with a dedicated computer - including Microsoft Teams Rooms and Zoom Rooms - and in BYOM rooms equipped with a only conference camera and display. Simply connect Swytch to the laptop via USB and launch the desired application to enjoy broadcast-quality video and content sharing at up to 4K resolution. With a one-cable laptop link to a meeting room's AV devices,Logitech Swytch makes every room ready for any meeting.

Egenskaper

Any meeting,every room

With an innovative design that maximizes compatibility and incorporates DisplayLink Plug-and-Display technology,Logitech Swytch offers a one-cable laptop link to a room's conference camera and display,making it easy for teams to meet,present,and stream over any service.

The flexible room solution

With Swytch,you can deploy video conferencing room solutions from providers like Microsoft or Zoom,while also allowing people to use meeting rooms with other video services.

Say yes to easy

To join or host a video meeting,simply plug the iconic Swytch Connector into any laptop with a USB 3.0 or higher Type A or Type C port. No dongles,no splitters,no HDMI required.

Smart topology

It's easy to deploy Swytch in rooms with USB conference cameras. Just connect the Swytch Hub to the meeting room equipment and place the Swytch Connector within easy reach.

Swytch + Rally

With Swytch in medium and large rooms,the whole team can join webinars,take online classes,and engage face-to-face with customers and partners on external services.

Everything in its place

Swytch integrates beautifully with your meeting rooms. Keep the tabletop clean and organized with the included magnetic dock,or route the Swytch Connector through an existing cable well. Either way,robust cable retention keeps connections tight.

Turns laptops into room solutions

Thanks to hidden cabling and a convenient magnetic dock,Swytch keeps every room tidy and organized,even those without dedicated computers. A single connection and straightforward user experience make it easy for anyone to use their personal laptop for team collaboration.
