4K EPTZ COLLABORATION CAMERA

Superio TC120

With Superio TC120 4K Collaboration camera you bring pitch-perfect Ultra HD video into any huddle space or small to medium-sized meeting rooms. It can also be mounted on top of your laptop while traveling or working from home. Thanks to 123° field of view TC120 makes coverage for all the participants easy. Remote meetings has never been this easy!

Works great for Microsoft Teams, Zoom, WebEx and GoToMeeting.
