Professional Camera for Video Collaboration in Conference Rooms

The Vivolink VLCAM200 Conference Camera is an indispensable video collaboration tool for businesses that use web- or cloud-based conferencing. Suitable for meeting rooms of all sizes, from huddle rooms all the way up to large conference rooms, the VLCAM200 boasts a powerful pan-tilt-zoom camera and an advanced speakerphone, providing delicate, detailed images and vivid sound quality that more than meet the needs of most businesses. Especially well-suited to laptops, the VLCAM200's plug-and-play design puts high-quality video communication just a USB connection away.

Full HD
1080

Simply Plug and Play

The VLCAM200 is incredibly easy to use- simply plug its USB connector into a desktop or laptop and you're ready to go! With no need for device drivers, the VLCAM200 is able to provide top-quality conferencing at a moment's notice, on nearly any computer.

Powerful 10X Optical Zoom PTZ Camera

Boasting pan-tilt-zoom (PTZ) and 10X optical zoom, the VLCAM200 will meet your video collaboration needs in conference rooms large or small alike, regardless of whether you want detailed views of small objects or wide views of all participants. Moreover, its quick auto-focus, fast lens, subtle pan/tilt grading and wide angle ensure an unbeatably smooth and lifelike conferencing experience.

Full HD 1080p 30fps Output Resolution

Full HD 1080p has never felt more lifelike! Even in poor lighting you can enjoy detailed, crystal-clear views of people and objects at the far site, and motion blur is nonexistent. With quality like this, you'll forget that everyone isn't even in the same room.

Up to 10 Camera Presets

With the VLCAM200 there's no need to waste time panning and zooming manually during meetings – simply program its presets ahead of time, and then during the meeting you can shift the camera from a wide view of the room to a close-up of an object with just the press a button. With not just 1, but 10 of these presets available, you can prepare yourself for nearly any situation in any environment.
