

Increase safety and efficiency in your workshop with our **new** air hydraulic press

AIR HYDRAULIC WORKSHOP PRESS

Prioritize safety and improve ergonomics of the mechanic with the new AC press.

The air hydraulic press work is fully operated via the foot control, and both hands remain free to handle the item. Just a slight pressure with the foot on the pedal allows a pressure of as much as 40 t.

A robust and reliable quality press for the professional workshop

KEY FEATURES
