CAUTION

Read the operating instructions and the included safety information carefully before using the product. Use the product correctly, with caution and only for the intended purpose. Failure to observe the safety information can lead to damage, injury and voiding of the warranty. Please keep these instructions in a safe and dry place for future reference. Include the operating instructions if you pass the product on to third parties.

SAFETY INFORMATIONS

- Ensure the working area has adequate lighting
- Keep children and unauthorized persons away from the working area.
- Do not let children play with this tool or its packaging.
- Keep working area clean and tidy, dry and free from unrelated materials.
- This manual serves as a brief guide and does not replace a workshop manual. Always refer to the vehicle-specific service literature, particularly the technical data such as torque values and instructions for disassembly/assembly, etc.
- Always pay attention to the special instructions and safety instructions of the system that you want to seal with the clamps contained in the set.

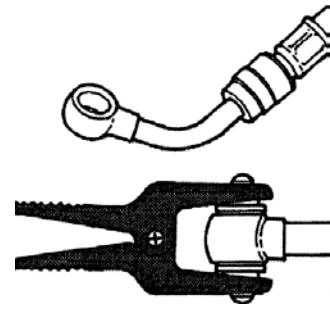

PROTECTIVE EQUIPMENT

When working with this tool, always wear the appropriate protective equipment for the system that you want to seal with the clamps included in the kit.
