

Fuel Pump Cover Tool for Ford 2.0L Diesel EcoBlue

ATTENTION

Read the operating instructions and all safety instructions contained therein carefully before using the product. Use the product correctly, with care and only according to the intended purpose. Non-compliance of the safety instructions may lead to damage, personal injury and to termination of the warranty. Keep these instructions in a safe and dry location for future reference. Enclose the operating instructions when handing over the product to third parties.

INTENDED USE

This tool is used to remove the inspection cover of the fuel pump sprocket. This provides access to the fuel pump sprocket mounting bolt without having to remove the entire front cover on Ford 2.0-liter EcoBlue Diesel engines. The tool is suitable for Ford Edge (2018-), Focus (2018-), Galaxy (2018-2021), Kuga (2019-), Mondeo (2019-2021), Ranger (2019-), S-Max (2018-2021), Transit (2016-), Transit Custom (2016-) & Tourneo Custom (2016-) and it is suitable for inspection cover OEM JB3Q-6095-AA.

SAFETY INFORMATION

- Keep children and other persons away from the working area.
- Do not allow children to play with this tool or its packaging.
- Do not use the tool if parts are missing or damaged.
- Use the tool for the intended purpose only.
- Never place the tool on the vehicle battery. There is a risk of a short circuit.
- Be careful when working on running engines. Loose clothing, tools and other objects can be caught by rotating parts and cause serious injury.
- Be careful when working on hot engines because of the risk of burn injuries!
- If you remove the ignition key before repairing, you can prevent the engine from being started accidentally, engine damage and personal injuries.
- This manual serves as a brief guide and does not replace a workshop manual. Always refer to the vehicle-specific service literature, particularly the technical data such as torque values and instructions for disassembly/assembly, etc.

ENVIRONMENTAL PROTECTION

Recycle unwanted materials instead of disposing of them as waste. Packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. Contact your local solid waste authority for recycling information.

USE

Connect the disassembly tool to a suitable tool (ratchet, sliding handle, etc.).

Position the three retaining pins in the elongated holes of the cover.

Turn the maintenance cover slightly counter-clockwise and remove it.
