

## 3/8" to 1/2" Drive High-Powered Air Ratchet

### Description:

- Interchangeable Anvils - Swap between 3/8" and 1/2" anvils
- Knuckle Saver Clutch - Worlds first 'knuckle saver', prevents user from hitting knuckles when fastening
- Sealed Head Design - Ratchet mechanism enclosed, significantly increases tool life
- Closed Trigger Design - Improvement over lever, prevents tool getting snagged on hoses
- Variable Trigger - Improves user control of application, makes it easier to protect tool, accessory, fastener and material
- Forward Exhaust - Air outlet aimed up directs airflow away from user
- Direction Switch - Conveniently placed near handle, easy direction reversal
- Ergonomic Hand Grip - Improves user comfort, easier to hold during applications
- Maximum torque 108 Nm (80 Ft. lbs)
- Free speed 300 rpm
- Square drive 3/8" or 1/2"
- Working pressure 6,2 bar (90 PSI)
- Minimum hose diameter 10 mm (3/8")
