# Pneumatic coil spring compressor **EXTRA HEAVY DUTY - FOR PASSENGERS CARS, SUV, ARMOUR-PLATED AND COMMERCIAL VEHICLES**

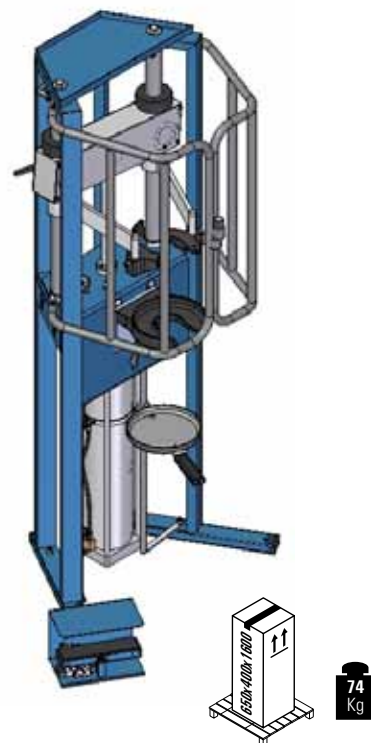

MADE IN ITALY

- ▶ **Bracket** supporting plate with double positioning to increase the range of removable absorbers
- ▶ **Steel knob** for the protection cage
- ▶ **Safety guaranteed** during the opening of the frontal protections thanks to the new system with spring, which ensures the machine lock
- ▶ **Pneumatic cylinder** with safety locking valves
- ▶ **Foot-pedal** and safety guard with safety valves, longer functioning to make the drive and control of the machine more comfortable
- ▶ **Metal handles** to fix the side arms
- ▶ **Machine supplied with small and medium bracket** to cover most of the absorbers for cars on the market
- ▶ **Absorber stem support** to facilitate the work of disassembly for the operator
- ▶ **Protection system** (dust cover) to safeguard the cylinder gasket

**i** FURTHER FEATURES OF THE MACHINE:

- ▶ Optional available on request: large bracket, leftward bracket, strut vice
- ▶ Machine packed in vertical position on a single pallet
- ▶ **ALS** - Auto Leveling System
- ▶ Side brackets system
- ▶ Tools Rack
- ▶ CE approved machine in compliance with 2006/42/CE (Machine Directive)
- ▶ Machine dimensions: 520x300x1600 mm
- ▶ Packaging dimensions: 650x400x1600 mm
- ▶ Machine weight: 74 Kg
- ▶ Working pressure: Min 6 bar - Max 10 bar
- ▶ Cylinder stroke: 330 mm
- ▶ Compression force: 10 bar=2.452 Kg

## GOVONI COIL SPRING COMPRESSOR *Range*

321 051 000

**Mechanical coil spring compressor  
IMPACT WRENCH OPERATION**

Use the machine with air impact wrench or 19 mm socket/wrench
