

GEN2 Wheel Bearing Kit/VAG 62/66mm

Wheel bearing installer/remover for 62mm/66mm bearings

Additional Information

- Applications: Audi A2, Volkswagen Lupo, Seat Arosa, Seat Cordoba, Seat Ibiza
- Generation II style wheel bearings are a wheel bearing and drive flange that cannot be separated.
- By using clamshells and force plates/pins the tool ensures the loads of insertion are taken only on the outer race of the bearing
- Suitable for 62 & 66mm bearings - always check size of bearing before purchase
- Replacement bar available Part No: 0453. Replacement pin available Part No: 0621. Replacement bearing available Part No 0662. Adequate and appropriate lubricants to be used on threaded force screws and thrust bearing (Laser Tools Recommends Molybdenum Disulphide Grease (black drive shaft grease))
