

5-SR ACTION POLISH

Versatile liquid spray cleaner polish for the cleaning and conditioning of vehicle interior surfaces including: vinyl and plastic trim, paintwork, door shuts, door weatherstrip, luggage rails. Also wood fascia and leather.

Easy to Use:

Simply trigger or wipe over surface to clean 'n' sheen.

Class - Finish:

Treated surfaces are left with a light sheen – no glare finish: ideal for prestige vehicles.

Non-Marking:

No white polish residues are left on treated surfaces making 5-SR the ideal door shut/drip rail polish.

Refreshes:

Treated surfaces are left with refreshingly cleaned finish.

Directions:

Shake container before use. Apply using a trigger spray or cloth. Buff with dry cloth to create the unique 5-SR sheen. Do not over apply.

Note: Contains silicones. Not suitable for spraying in a paintshop environment. For a non-silicone product, ask for Panache #591.

Note: if polishing leather check an inconspicuous area before proceeding to ascertain there are no adverse effects.
