

INDIGO-10

COLOUR CHANGING WHEEL CLEANER, PAINTWORK & EXTERIOR DE-CONTAMINANT/FALLOUT REMOVER

- Indigo 10 is a pH neutral, acid free, non-caustic wheel cleaner de-contamination/fallout remover
- This pH neutral colour changing formulation delivers a powerful, safe and effective cleaning action delivering a high gloss finish.
- Indigo 10 is a safe and highly effective cleaner for the removal of brake dust and Iron Oxide particulates [Industrial Fall-Out].
- Colour changing action occurs during the cleaning/decontamination process – changing from Clear to Dark Purple.
- Indigo 10 is highly effective on removing rust –iron oxide.
- Multi-surface safe: can be used on all vehicle exterior surfaces: paintwork, plastics, glass, chrome etc.

Directions for Use:

Product should be used in a well ventilated area

Ensure all surface areas to be treated are cool and dry prior to product application.

Shake before use. Apply product liberally to contaminated surface areas via a trigger spray or low pressure sprayer.

Use a brush, sponge or wash mitt to agitate stubborn contaminated areas.

Allow product to dwell until colour changing action occurs (Dark Purple)

DO NOT ALLOW PRODUCT TO DRY OUT, as staining may occur.

Rinse off thoroughly at high pressure, ensuring all surface areas are free from product residues and colour.
