

LEATHER CLEANER

>HIGH-ACTIVE FORMULA<

Specially Formulated: A unique fast acting professional detergent for efficient cleaning and freshening of leather upholstery & trim.

Natural Finish: Leaves a natural sheen finish to all cleaned leather upholstery and trims.

Kind to surface: A blend of mild detergent cleaners ensures cleaning action does not remove the protective oils which are essential to keep leather supple, soft and non-cracking.

Systemised: Concept Leather Cleaner is a balanced cleaner for use in conjunction with Leather Care Crème to provide optimum care and maintenance.

Solvent Free: Zero VOC

CAUTION: Leather cleaner is not suitable for use on suede, alacantha or similar finishes. Do not use on old faded/unsealed leather as may cause adverse effects. Do not allow cleaner to dry out on surface.

Directions for Use:

Always test first on an inconspicuous area to ensure that the leather is colourfast and water-resistant. Spray sparingly onto surface or cloth; do not over apply/saturate. Agitate surface gently with the cloth. Using clean, damp cloth wipe over surface, frequently rinsing cloth with clean water. Use dry cloth to remove remaining moisture. Repeat the process for heavy soiling.

DO NOT ALLOW CLEANER TO DRY ON SURFACE

Leave to act for up to 2 minutes, then remove any soap residue with a damp (NOT WET) clean cloth, frequently rinsing out the cloth with fresh water. Use a dry cloth to remove any moisture. Surface should be completely dry to touch on completion of cleaning process.

Follow this cleaning process with the application of Concept Leather Care Crème to replenish natural oils to the leather which are lost over time.

Replenish suppleness of Leather trim with CONCEPT Leather Crème.

Typical Specification :

Composition : A complex blend of detergent cleaners, in an aqueous solution, with perfume.
 Appearance : Transparent Liquid
 Odour : Light Leather
 pH : 9
 S.G. : 1.0
 VOC : N/A
 Solubility : Fully miscible in water
 Shelf Life : 2 years minimum in unopened containers
 Packaging : 1L Bottles

Code:331
