

SPRAY & FINISH

COMPOUND RESIDUE REMOVER FOR CLEAR INSPECTION OF POLISHING PROCESSES.

Speeds up work process: For fast and easy clean-up of compound residues, light dirt, water spots etc

Problem Solver: Can also be used for removing compound residues from plastic mouldings, rubber and glass.

High Shine: Brightens paintwork giving greater gloss and depth of shine to paint finishes.

Bodyshop approved: Silicone free and overpaintable !

Directions:

Apply out of direct sunlight on cool surfaces. Mist spray onto paint surface, wipe over with a clean cotton or Micro-ACE micro-fibre cloth. Immediately turn cloth to dry surface and buff to a deep gloss shine. (This product is not for heavily soiled finishes).

Mist Spray – wipe over – turn cloth and buff.
