

The values that appear on the cards have been decided by the Panini Editorial Board. These values are based on a rigorous analysis of the offensive and defensive skills of each player featured in the collection. These scores were also adapted to the special features of the Card Game FIFA WORLD CUP RUSSIA 2018™ ADRENALYN XL. Under no circumstances should these scores be considered as an absolute rating of the real players' different skills on the playing field. Game data and content are correct to 31 December 2017.
