- Easy to use, with no mixing required
- Highly aesthetic, reproducible results
- Can be combined with the MiYO system
- Suitable for zirconia and lithium disilicate applications
- With the proven benefits of the MiYO system

JENSEN DENTAL

3 steps to your VITA 3D-MASTER® tooth shade

1 Determine the tooth shade

2 Determine the framework shade

3 Select the MiYO 3D paste

MiYO 3D Conversion table

Desired VITA 3D-MASTER® tooth shade	Initial color of the framework	Suitable MiYO 3D paste
1M1	BL3	MiYO 3D TRANS SHADE 1 fluor.
