

VITA V60 i-Line® PLUS

Superior performance. No compromises.

- Intuitive user friendliness
- Durable design
- Productive and time saving

NOW AVAILABLE!

VITA V60 i-Line® PLUS

A new version of a classic machine.

The VITA V60 i-Line PLUS focuses on two key aspects: excellent long-term firing results and intuitive ease-of-use. With its timeless design, the new furnace combines proven quality and modern technology at an attractive price.

With firing temperatures of up to 1200 °C, the VITA V60 i-Line PLUS is suitable for

- Ceramic, stain and corrective firing
- Glaze firing
- Crystallization firing with and without a vacuum

"With reliably impressive firing results and intuitive user-friendliness, this furnace is an outstanding example of the quality that I expect from a dental furnace."

Daniel Sperlich
Master dental technician, Germany

The ceramic furnace impresses with a seven-inch, rapid response touchscreen that features an intuitive user interface. The furnace is not only fun to work with, it saves you valuable time as well.

The following versions are available:

VITA V60 i-Line PLUS (100 V)	**Art. no.** DV60IP100
VITA V60 i-Line PLUS (110 V)	**Art. no.** DV60IP110
VITA V60 i-Line PLUS (220 V)	**Art. no.** DV60IP220

The WiFi USB flash drive enables regular online updates so that your furnace is always up to date.

The VITA FURNACE app enables remote access via an Android mobile device. This allows you to conveniently follow the progress of the firing cycle on your smartphone, and to see the firing time or switch the unit on/off remotely.
