MSDS

Safety Data Sheet is available in
ditecshop.com or upon request.

Packaging:

500 ml Clear plastic bottle with child
proof cap. Separate Trigger Pump.

Box contains 9 x 500 ml.

Directions for use:

Ensure surface areas are cool before application.

Shake before use, spray liberally to surface areas to be treated and allow to work until colour changing occurs (dark purple).

For stubborn contaminants use a sponge, brush or wash mitt depending on surface to agitate and rinse off thoroughly with high pressure. **Do not allow product to dry out as staining may occur.**
