MSDS

Safety Data Sheet is available in ditecshop.com or upon request.

Packaging:

Box with 9 x 500 ml.

For use on:

Glass, paint, rims and other surfaces to be treated with protective products like wax or coatings etc.

Directions: Spray directly onto the surface, wipe off with a microfibre cloth when still wet to lift away oils, grease, silicones or polishing compound residues.

Do not use in heat surfaces or in direct sunlight. See Ditec Manual for more instructions.

Also available in NON-HAZ version 1004A-X, 5 liter drum. (For flight transportation.)
