

SUNMATCH

Handheld detailing worklight

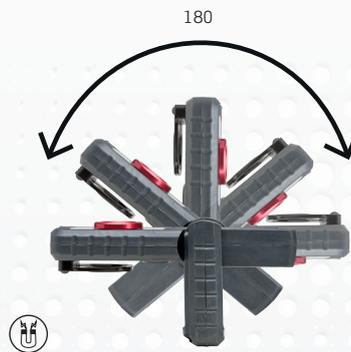

Handheld rechargeable work light with excellent colour recognition properties. Easy to carry in the pocket or in the work belt by the built-in belt clip.

Place the lamp anywhere you want during inspection work with the turnable sturdy hook or the strong built-in magnet. The flexible lamp head tilts up to 180 degrees. Durable construction, dust and waterproof, IP65.

Supplied with a two-step operating option depending on the type and durability of the work carried out: Step 1 = 100%, step 2 = 50% light output. Up to 3 hours operation time.

SUNMATCH is supplied with li-ion battery and intelligent battery indicator at the front. To save battery and avoid risk of overheating an intelligent built-in system switches off the lamp after 3 minutes use at high mode. The charging base is prepared for wall mounting and supplied with magnet on the bottom side to fix it to the working table.

- For colour match
- For quality check between prep-zone operations
- As general work light
