SWK ALU – Wall mounted cabinets 19"
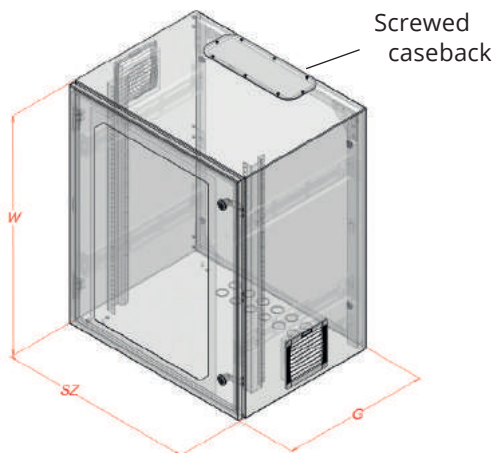

Wall mounted | IP 54 | Weather resistant

F-rack Systems AB

Use: hanging aluminum cabinets with increased tightness, perfect for dusty or humid places. They are recommended for installation in exposure to external weather conditions. External cabinets are equipped with a rubber gasket.

Construction characteristics:

• made of PA11 aluminum
• rubber seal
• 2 filter inserts included
• Has a padlock holder for securing access to the inside of the housing
• toughened glass
• to ensure resistance to residual water we recommend the use of an additional roof- to be purchased as a separate accessory.
