JBL CLASSIC L150

The JBL Classic L150

is inspired by the legendary models of the 1970s, and it elevates the Classic Series to its highest level yet. Built to honor decades of legacy, engineered for today's listeners, and crafted to last for generations, this is a fully modern, precision engineered loudspeaker wrapped in unmistakable JBL vintage design.

With expanded scale, precision-refined transducers, and performance driven cabinet architecture, the L150 Classic delivers big, authoritative, room filling sound worthy of the JBL legacy. As the flagship of the Classic Series, the L150 Classic is designed for listeners who want the unmistakable scale and impact of a 15-inch system, paired with the refinement and accuracy demanded by modern high performance home audio.

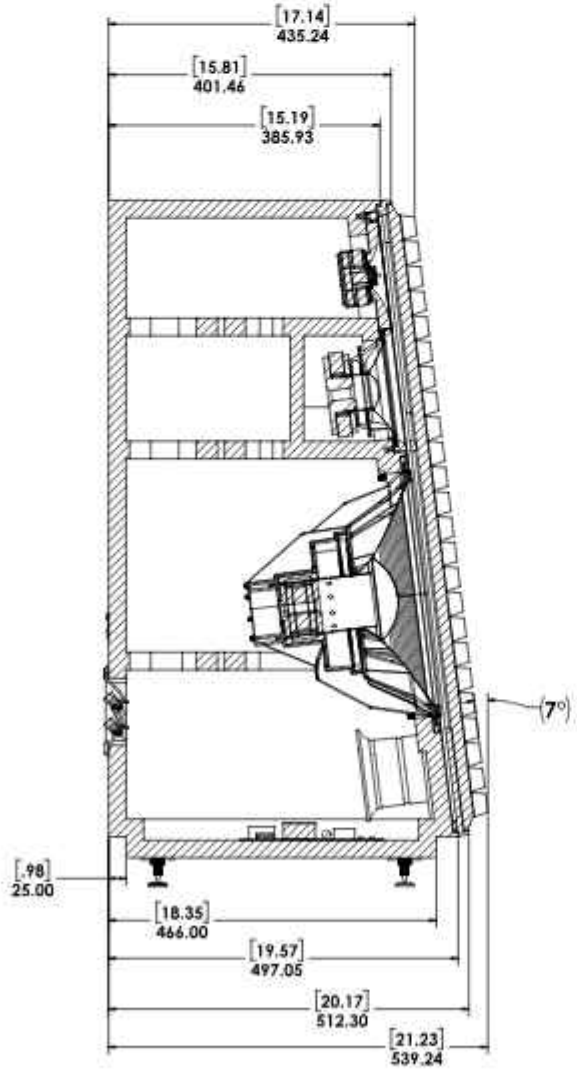

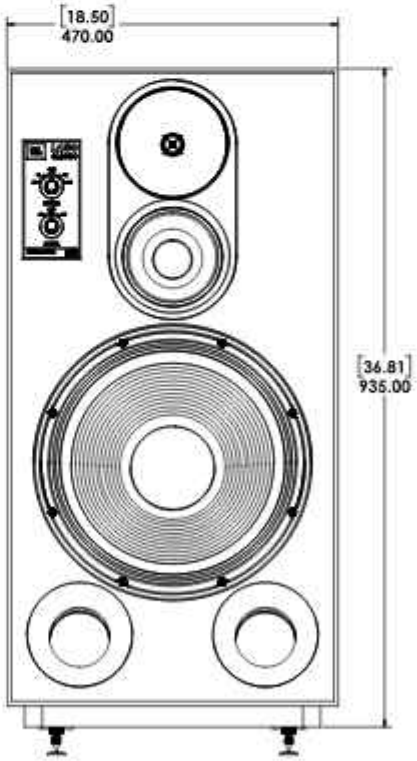

Highlights

- High-performance 15-inch (380mm) Differential Drive woofer system delivering powerful, precise bass
- 6.5-inch (150mm) Polymer-coated, Pure Pulp woofer with cast frame
- 28mm titanium dome tweeter mated to constant directivity waveguide and phase plug for an enhanced soundstage
- High-frequency and Low-frequency level attenuators
- Angled cabinet profile with a sloped front baffle designed to direct sound toward the listener
- Advanced Crossover Network with separated HF/LF sections for bi-wiring/bi-amplification, finished with gold-plated dual binding posts.
- Timeless retro design with iconic JBL styling and vintage Quadrex foam grille

JBL CLASSIC L150
