

## SUPERCARGO

ROPE ACCESS TEAM RESCUE GENERAL

Incredibly strong haul bag designed for transporting gear and vertical hauling. Constructed from super-stiff and amazingly wear-resistant Tarpaulin TPU 4500D.

Shoulder straps can be tucked into a streamlined compartment and the waist belt can be removed to prevent snagging when traveling and hauling.

Robust haul straps, guaranteed for loads up to 80 kg, are equipped with lifting handles that are large enough to be used with gloves.

Roll top lid with pull cord closure and security strap.

Interior security pocket and four interior gear loops.

Two versions:

**Ref.2915: 40 liter**

**Ref.2775: 70 liter**

Balance System allows for load adjustment and stabilization using the two straps on the shoulders. (70 L version only)

Supercargo 40 - Ref.2915

Supercargo 70 - Ref.2775
