Having considered:

- the documents mentioned in the technical Annex;
- the test Report(s) mentioned in the technical Annex;

we hereby declare that the specimens submitted to tests and verifications have been found to comply with the requirements set out into the specific clause(s) of the reference standard(s) listed above. Other clauses which are not listed above may be relevant for the product and/or its installation and must be assessed separately.

This Certificate was issued on the basis of a voluntary request from the applicant, and it refers exclusively to the specimens submitted to tests and being the subject of the linked test Report(s). No declaration concerning the compliance of the series production to the test specimen(s) can be deduced from this Certificate. This Certificate must not be confused with other Documents which assess the compliance of devices to the essential requirements set out into one or more relevant Directives or Regulations of the Community, which must be evaluated separately.

In particular, this Certificate is not equivalent to a Declaration of Conformity to one or more Directives and/or Regulations belonging to the Union harmonisation legislation concerned with the CE marking or other conformity markings.

The use of this Certificate is subject to compliance with the General Contractual Conditions RG-GQ-01-01 at the latest applicable revision.

This Certificate is valid only if accompanied by the Technical Annex 1 (1 page) which is an integral part of it.
