# TAURUS-SCE

Shaft entry

The INNOTECH product range has been extended by the TAURUS shaft entry. The removable, mobile push-on support provides the user with a safe entry into the danger area.

The optional rescue and recovery function provides a further use, as well as additional safety for the user.

- Safe entry and seamless transition without attaching into or detaching from the vertical descent system
- Easy to transport
- Rapid installation on the ladder or directly into the substructure
- One mobile push-on support can be used for several shafts
- Certified rescue and recovery function

- Fall arrest device with rescue lifting device (type: IKAR: 41-HRA-12)
- Certified to the latest state of the art:

EN 353-1:2014  
 EN 795:2012 Type A  
 EN 19572:2016
