

Ref.2921 - 2922 - 2923 ATOM

ROPE ACCESS

TREE CLIMBING

TEAM RESCUE

CONFINED

Our most technical aluminum alloy carabiner. Its innovative design perfectly combines the strength of the D shape with the large width of an HMS carabiner. Patented SphereLock closure prevents snagging during use and increases safety.

Ref.2921: Screw gate locking system with closure indicator.

Ref.2922: Automatic lock requires two actions to open: twist and pull.

Ref.2923: Automatic lock requires three actions to open: slide, twist and pull.

ATOM Lock

Ref.292103

ATOM 2Lock

Ref.2922

ATOM 3Lock

Ref.2923

New lightweight, low profile locking nut with improved grip

Ref.292101

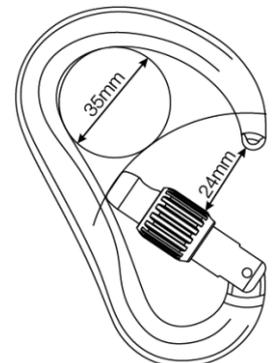

Ref.292102

Ref.292104

Proprietary **SphereLock closure** for the lowest profile nose and extra security from a ball and socket instead of the traditional lock and key

Large gate opening and inner working space makes it particularly easy to use with ropes

Laser etched safety marking shows if the lock is open or closed
