Dear Gary,

The IKAR Retractable type fall arresters of type HWB 1,8, HWB 2, HWB 2,8, HWB 3,5, HWPS 3,5 are tested and suitable for the use in two orientations. This means the housing side, can either be attached directly to the users harness, using a suitable and certified connecting element as well as the housing can be attached to a suitable anchorage point.

IKAR GmbH

Michele Herchet
