Hygienteknik

Activa Premium

Swan-labelled microfiber mop with extremely high absorption and cleaning efficiency. The high absorption capacity allows the mop to cover a larger cleaning area during damp mopping.

3083 0023

Activa Premium is constructed with four layers:

1. Cleaning surface
2. Built-in microfiber cloth for absorption
3. Weave layer to maintain shape after washing

Velour hook-and-loop backing

The mop has low friction, and the looped yarn border is highly effective at collecting dust.

Activa Premium is available in three sizes (30, 40, and 60 cm) and cleans effectively using only water. It does not scratch the surface. Wash according to the care instructions for best durability (Activa Ready guarantee).

Color	Grey / White
Material	100% split twisted ultramicrofiber
Washing instructions	60-95° max 55° Lower the washing temperature to protect the environment. Wash with suitable detergent 60 ° C and at maximum washing temperature if necessary. When washed at 60°C, our mops can handle about 2000 washes. At higher temperatures, the mops retain their properties in at least 500 washes.
