# Petrol Air Intake & EGR Cleaner PRO

NEW

The JLM Petrol Air Intake & EGR Cleaner PRO is a true quality product based on high power solvents to clean parts of the petrol fuel system. It efficiently removes contaminations such as carbon and grease deposits, resin, gum, oxidation, oil, adhesive residues, etc. on parts such as inlet valves, actuators, EGR-valves, injectors, idling motors, throttle valves, air mass meters, etc.

## Benefits

- One multipurpose product addresses all common deposit related problems.
- Regains performance loss caused by a dirty and inefficient fuel system.
- Reduces fuel consumption
- Leaves no film that could cause jamming of parts again
- Suitable for older petrol fuel systems with carburetor

## Use

Suitable for use on all petrol fuel systems, including vehicles with exhaust gas recirculation valve (EGR), turbocharger and/or catalytic converter. Use JLM Petrol Air Intake & EGR Cleaner with every inspection to prevent excessive deposit build up. Use as much product as is required to achieve the optimal result to clean heavy build up and to guarantees operability of all moving parts and reduce fuel consumption.

**Directions:** Shake well before use. Spray directly onto the parts until the resin, oil and varnish are resolved. For more detailed information go to [www.jlmlubricants.com](http://www.jlmlubricants.com) or consult a professional car mechanic.

## Product details

<b>Art.-Nr:</b>	J03140
<b>Barcode:</b>	8718274351453
<b>Pack size:</b>	500 ml
<b>Carton quantity:</b>	12

<b>Form:</b>	Aerosol
<b>Density at 20°C</b>	0.745 g/cm <sup>3</sup>
<b>Flash Point</b>	97°C
<b>Ignition Temp.</b>	200°C
<b>Odour</b>	Characteristic
