

Lubricants for today's cars.

# Stop Smoke

NEW

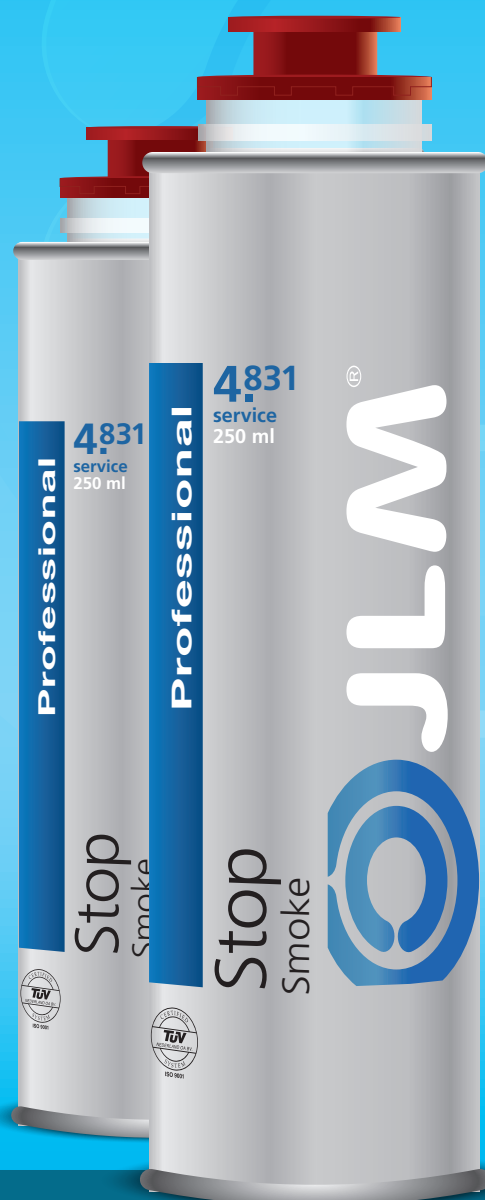

## Product Information

JLM Stop Smoke is formulated to reduce exhaust smoke caused by oil burning. Our new & improved formulation is effective in sealing the worn piston rings & valve stem seals, reducing oil burning in the combustion chamber.

JLM Stop Smoke also reduces engine noise and improves engine compression for better performance and extend engine life.

## Use

One 250ml can treats up to 5 liters of oil. Suitable for use in all older petrol, diesel, LPG engines with worn components. If vehicle continues to blow oil smoke after treatment, engine may have excessive damage, consult mechanical advice.
