Engine Oil Flush

NEW

JLM Lubricants

At JLM we are committed to making a range of service products that the workshop professionals can rely on to do the job quickly, thoroughly & professionally. JLM products are manufactured to exacting TUV standards, guaranteeing quality products at a competitive price.

Product Information

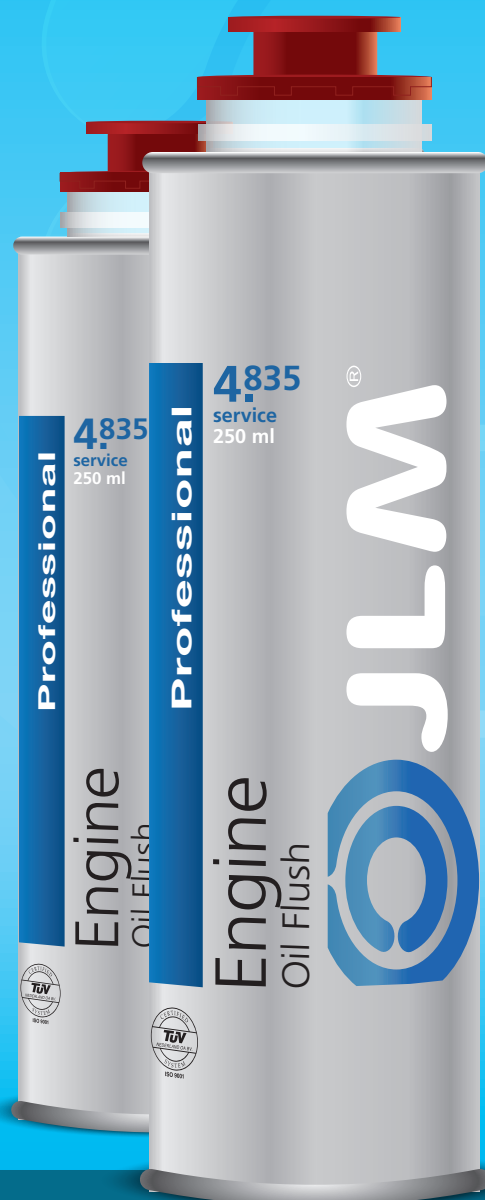

JLM Engine Oil Flush contains a special blend of dispersant additives & highly effective detergents to break down oil deposit build up & oil sludge, leaving the engine oil system clean of harmful deposits & contamination.

- Cleans cylinder walls, pistons, rings, valves & lifters, upper cylinder area
- Fast acting & gentle cleaning
- Improves fuel efficiency
- Improves performance
- Suitable for use with all diesel & petrol engine oils

Use

Add JLM Engine Oil Flush to vehicle engine oil before changing oil, while engine is running at operating temperature. Allow engine to idle (do not drive) for 7 - 10 minutes, depending on the level of contamination. Complete oil & oil filter as normal.

1 can treats up to 5 liters of oil.

Product details

Art.-Nr:	J04835
Barcode:	8718274350678
Pack size:	250 ml
Carton quantity:	12
