

COB LED STRIPS

10w/m
 12VDC / 24VDC
 900-1100 lm/m
 25mm cutting length
 Ra>90
 Operating temperatur: -25°C - 40°C
 Dimensions: 8mm PCB
 Warranty 3 years
 CE Approved

Dotless COB 480Chip led strip with strong bending resistance. Ideal for LED lighting application to avoid multi-shadows. Higher heat conductivity for better thermal management

SPECIFICATION

LED Type	Power (W)	Voltage DC	Degree of protection	Colour temperature (K)	CRI Index	Luminous Flux (lm)
COB Warm White	10 W/m	12V / 24V	IP20	3000	90	900
COB Neutral White	10 W/m	12V / 24V	IP20	4000	90	1000
COB Cold White	10 W/m	12V / 24V	IP20	6000	90	1100
