

## SMD LED STRIP 9,6W/M, IP65

9,6w/m  
 12VDC / 24VDC  
 90-110 lm/w  
 25mm cutting length 12  
 50MM cutting length 24V  
 Ra>80+  
 Operating temperatur: -25°C - 40°C  
 Dimensions: 8mm PCB  
 CE Approved

high brightness, 120pcs LED per meter. Blue  
 backside adhesive 3m to easy installation.  
 Silicon based, Waterproof IP65

## SPECIFICATION

| LED Type | Power (W) | Voltage DC | Degree of protection | Colour temperature (K) | CRI Index | Brightness  |
|----------|-----------|------------|----------------------|------------------------|-----------|-------------|
| SMD 2835 | 9,6 W/m   | 12V / 24V  | IP65                 | 2700                   | 80+       | 90-110 lm/w |
| SMD 2835 | 9,6 W/m   | 12V / 24V  | IP65                 | 3000                   | 80+       | 90-110 lm/w |
| SMD 2835 | 9,6 W/m   | 12V / 24V  | IP65                 | 4000                   | 80+       | 90-110 lm/w |
| SMD 2835 | 9,6 W/m   | 12V / 24V  | IP65                 | 6000                   | 80+       | 90-110 lm/w |
