Barber Shop

BeautyStar è alla continua ricerca di soluzioni tecniche ed estetiche, catturando la bellezza del passato.

BeautyStar is constantly looking for technical and aesthetic solutions, by capturing the beauty of the past.

BeautyStar ha interpretato questo nuovo trend creando una linea barber ispirata alle vecchie botteghe, ma dal design moderno innovativo e funzionale.

BeautyStar has interpreted this new trend by creating a barber line inspired by the old shops, but with an innovative and functional modern design.

ITA

PER LE ZONE LAVAGGIO E LE ZONE TECNICHE BEAUTYSTAR SUGGERISCE
L'UTILIZZO DI SKAY SCURI. L'AZIENDA NON GARANTISCE LA RESISTENZA
DELLO SKAY ALLE MACCHIE DI TINTURA

CONSIGLI: lavare con spugna non abrasiva imbevuta di acqua
e sapone neutro. Rimuovere le macchie di lacca con acqua

e sapone o utilizzare in alternativa l'apposito detergente Softasept N®.

ATTENZIONE: non utilizzare mai alcool, benzene, candeggina, solventi,
detergenti chimici o spray lucidanti.

Rimuovere immediatamente le macchie di tintura! Maggiore è il tempo che la tintura
rimane sullo skay e minori sono le possibilità di pulire a fondo lo skay stesso: la tintura
lo aggredisce per tutto il tempo che resta sulla sua superficie.

Non fare accomodare clienti che indossano tessuti denim scuri (jeans) su poltrone
e lavatesta rivestiti in skay chiaro. In alternativa fare indossare ai clienti un camice.

Non è possibile eliminare le macchie di denim senza danneggiare lo skay.

ENG

COLOURED ECO-LATHERS.

THE COMPANY DOES NOT GUARANTEE THE RESISTANCE
OF ITS ECO-LEATHERS TO COLOUR DYES.

MAINTENANCE AND CLEANING ADVICE:

Always clean with a non abrasive sponge soaked in water and neutral soap.

*Remove lacquer stains with water and neutral soap or alternatively use a specific detergent such
as Softasept N®*

ATTENTION: never use pure alcohol, benzene, bleach, solvents, chemical detergent or spray polish.

*Always immediately remove dye stains! The longer the dye remains on the eco-leather,
the lower the probability of thoroughly cleaning the surface.*

Colour dye damages the whole time it remains present.

*Where light coloured eco-leather finishes are preferred, customers wearing denim clothes should
be invited to wear capes or not come into direct contact with the fabric.*

Denim stains cannot be removed without damaging the eco-leather itself.
