Gamma&Bross is a story of ideas, lines, shapes and functionality. Through numerous projects, Gamma has redefined the salon and revolutionized its concept and furniture, setting the path for the beauty design industry in the world. The continuous process of innovation and research, born in the early 80's, has made Gamma & Bross a leading design company on an international level and the number one choice for salon furniture.

Gamma's style, recognizable by its modern shapes, cleanliness, taste and quality, is the result of a strong understanding between the managerial soul of the company and the creativity of the best international designers supported by an advanced productive structure, technological know how and overall efficiency. The Gamma brand is now present in more than 50 countries with a distribution network that reinforces the high quality of our products as well as guarantees the best treatment of our local customers.

Gamma & Bross has grown in the last years by making a conscious choice of keeping the production and manufacturing in its Italian plants. This ensures that the high standards and quality of the products are maintained and backed by competency and knowledge acquired over many years in the furniture design business. In addition, the facilities and modern technologies allow for the production of goods that meet high standards and reflect the market and its demand for flexibility.

Strengths:

Carpentry and Lacquering: Production of low quantity series and customized furniture.

Steelwork: Quality control of all metal, mechanical parts and fixtures.

Chairs, Backwash Units and Upholstery: Our industrially efficient department oversees all aspects of production and assembly. Using the highest quality materials and expertise, all furniture is manufactured to meet our high standards.

Informatics System: Using the latest technology and digitally controlled machines, ensures industrial efficiency and flexibility as well as Italian artisan quality.
