Craftsmanship that evolves

EN

In Japanese, *Takumi* means “artisan”. A word that defines not only our brand, but also our way of understanding furniture design and manufacturing.

This new catalogue marks the start of an inspiring new chapter. We present Aurora, a collection that captures the ethereal beauty of the northern lights. Its aesthetic draws on vibrant colours, bright lights and gentle movements that illuminate the night sky. Each piece conveys fluidity, mystery and natural elegance.

We design every piece to enhance the experience of both professionals and clients, merging aesthetics and functionality. Aurora arrives with renewed designs and innovative finishes. A fresh, versatile and contemporary proposal created to bring out the personality of any hair salon.

Este nuevo catálogo marca el inicio de una etapa llena de inspiración. Presentamos Aurora, una colección que captura la belleza etérea de las auroras boreales. Su estética se nutre de colores vibrantes, luces brillantes y movimientos suaves que iluminan el cielo nocturno. Así, cada pieza transmite fluidez, misterio y elegancia natural.

Diseñamos cada pieza pensando en realzar la experiencia tanto del profesional como del cliente, fusionando estética y funcionalidad. Aurora llega con diseños renovados y acabados innovadores. Una propuesta fresca, versátil y contemporánea, pensada para realzar la personalidad de cualquier salón de peluquería.
