BCS Afrodite

Algae, moss and mold remover

Follows EU's directive for detergents

Range of application:

BCS Afrodite can be used on all surfaces - roofs, facades, ground areas, fences, stairs etc. Can be used on painted or untreated material.

How to use:

BCS Afrodite kills the growth of algae, moss and mold. Apply with low pressure until the area is all covered and wet. Let the product act for 0,5-4 hours before rinsing. Jet off with water, maximum 50°C. If using BCS Afrodite on a facade - clean starting at the bottom and rinse starting at the top.

Containers: 10 or 25 litre, can

Storage: Frost-free in original packing

Dosage: Concentrate 1:12

pH value: 11

Consumption: Approx. 0,1-0,3 litre/m²

ADR: Not classified as dangerous goods for use by road or rail transportation
