

OFF Graffiti Remover Eco Gel

Gel graffiti remover

Range of application:

OFF Graffiti Remover Eco is a very effective gel graffiti remover that effectively solves graffiti.. OFF Graffiti Remover Eco not attack aluminum.

How to use:

Removal inside of vehicles:

Apply OFF Graffiti Remover Eco with a cloth or brush and process the graffiti with a sponge or brush until graffiti is dissolved. Then wipe the surface clean with a clean cloth and rinse with water. If needed, apply the product again or use our shadow remover OFF Tor.
Effect time on varnished surfaces: 5-30 min.

Exterior graffiti removal off vehicles:

Apply OFF Graffiti Remover Eco with a brush and process the graffiti until it dissolves. Then wash it off with high pressure, repeat treatment if necessary.
Effect time on varnished surfaces: 5-30 min.

Graffiti removal off porous surfaces:

Apply with a brush, roller or high-pressure spray and agitate the graffiti with a brush. Allow to take effect for approx. 10-30 min, allow longer if the layers of paint are thick or in cold and damp weather. Always adjust the water temperature and pressure to the type of surface. Normally a rinsing temperature/pressure of 90°C / 90-150 bar is sufficient. For the remaining shadows, apply OFF Tor or OFF Munin if the surface can withstand this, and then rinse off.
Always make a small test on the surface to make sure the underlying surface does not damage.

Containers: 10 or 25 litre, can

Storage: Frost-free in original packing

Dosage: Concentrate

pH value: Neutral

Consumption: Non-porous surface 0,2-0,4 L/m², porous surface 0,3-0,75 L/m²
