

OFF Iris

Thin liquid graffiti remover

Approved by Byggarubedömningen, Sunda Hus, Chemsoft and Trafikverket

Range of application:

OFF Iris is a thin liquid graffiti remover for removal of ink, spray and aniline graffiti.

How to use:

Apply with brush, roller or high pressure washer, agitate the surface well with a brush. Leave until graffiti has dissolved, 10-30 minutes. In case of thick paint layerings or in cold or humid weather conditions the time increases. Adjust temperature and pressure by the nature of the surface, normally you jet off with hot water, 90°C and a pressure of 90 -150 bars. When shadows remain apply OFF Tor, shadow remover and leave it until the paint or graffiti is dissolved and then rinse with warm water again. Duration of painted surfaces: 5-30 min.

Containers: 10 or 25 litre, can

Storage: Frost-free in original packing

Dosage: Concentrate

pH value: 12,5

Consumption: Approx. 0,1-0,3 litre/m²
