

StomiBas - Stoma binder

ART.NO 50210, 50211, 50212

Elastic stoma binder designed to provide support and resistance/compression in case of parastomal hernia. The unique design allows holes, individually tailored to the ostomy pouch, to be cut in the girdle while maintaining controlled compression over the hernia/stoma. The inelastic material does not fray regardless of the shape and size of the hole, no edging is needed. StomiBas has a handle at the front for easy closure and adjustment. StomiBas is available in black and grey in height 16, 20 and 25 cm.

Level of Compression: Strong, 3 out of 3.

Indications: Mobilization after surgery. Stabilizing girdle for stoma/ostomy hernia. Prevents herniation. Fixation of stoma bandage.

Contraindication: Incarcerated hernia.

Material: Polyester 64%, Polyamide 22%, Elastane 10%, Polyurethane 4%. Latex free.

Washing instructions: Machine wash 40°C (can be washed at a higher temperature if necessary, max. 60°C, the product will last longer if washed at a lower temperature). Seal the Velcro. Use washing bag. Do not bleach. Do not dryclean. Do not iron. Do not tumble Dry.

Measurements: Measure circumference around intended placement.
