

Kim - Facial bandage

ART.NO 51107

Kim is an adjustable facial bandage made in a comfortable material with seamless edges, after plastic surgery, chin/neck liposuction, ear surgery. The bandage can be easily trimmed around the cheeks, chin, and neck for optimum comfort and fit. It is also possible to cut openings in the product, such as holes for the ears. The length of the velour straps can be shortened. Best fit and compression can be achieved by adjusting the three straps. The bandage will stay in place even at night. The material of the bandage is breathable and has a cooling feeling on the skin. The bandage is available in two sizes.

Indications: Fixation band after surgery.

Contraindications: Wound infection.

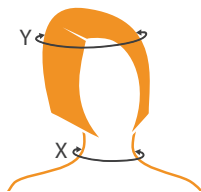

Material: Polyamide 74%, Polyurethane 14%, Elastane 12%. Latex free.

Washing instructions: Machine wash at 40°C (104°F), can if necessary be washed at higher temperatures, up to 60°C (140°F). The product will last longer if washed at a lower temperature. Dry flat. Do not tumble dry. Close the Velcro fastening before washing, use a washing net. In case of blood stains, soak or wash in cold water. Do not use bleach or fabric softener as this can impair the function of the material.

Measurement: Use the size guide to measure the correct size. The sizes are flexible and can be adjusted and trimmed for desired compression and optimal fit.

Neck: The widest point in the middle of the neck.

Head: Widest point over the forehead.

Size	X=Neck	Y=Head	Art.no
