

Cindy - Compression body

ART.NO 51208

Compression body with extra high waist in knitted seamless material. Recommended after surgery or liposuction on the abdomen, sides, back and seat. 3-step hook and eye closures in both sides for easy application and adjustable fit. Wide wedge on the inside thigh for best comfort and function. The body has a hidden opening in the crotch wedge that allows toilet visits without the garment being removed. The opening is designed to provide good compression in the area. Removable and adjustable shoulder straps. Shape knitted material in 4-way stretch follows the body contours. The stable, soft material provides evenly distributed compression without discomfort or digging in to the skin. Shape knitted zones over buttocks-, back- and groins for better fit. Reinforced knitting around abdomen for extra support.

Indications: Compression garment after plastic surgery. Corresponding class 1.

Contraindications: Infection. Arterial circulatory disorders. High risk of thrombosis.

Material: 87% Polyamide, 13% Elastane. Latex free.

Washing instructions: Machine wash at 40°C (104°F). Can be washed at a higher temperature if necessary, max. 60°C (140°F). The product will last longer if washed at a lower temperature. Use a laundry bag. Do not tumble dry. Do not use bleach, chlorine bleach or fabric softener as this could impair the function of the material.

Measurement: For best fit and correct compression it is important that measurements are taken carefully and size chosen according to the measuring table. The fit of the garment should be tight but comfortable.

Waist: Measure around the thinnest part of the waist.

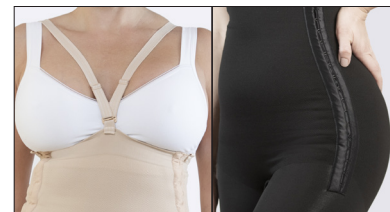

Hips: Stand with both feet together and measure the circumference over pubis, where hip/seat is at its widest.

Thigh: Circumference measurements at the middle of the thigh.
